Meeting of Council

The regular meeting of town council on Monday night was again a big drawing card, and attracted not only the taxpayers, but others who are interested in the affairs of the enterprising town of Blairmore.

The city officials present were Mayor Lyon, Councillors Drain, Sinclair, Brisco, Beebe McLeod and Hinds.

All the floor space, as well as the galleries and "nigger's heaven" were full to their utmost with interested spectators.

There was a lacking in the supply of "fuel" from the Council Works, necessitating the commissioning of a few waxed lamps to assist in the dispatch of affairs.

The meeting was called to order at 8, when the minutes of previous meeting were read and adopted, followed by the receipt and passing of the following communications and accounts:

Nay & James, Regina, re purchase of debenture bonds.
Woods & Steel, endorsing account for services in connection with the completion of the waterworks system. Such account was filed, and secretary asked to get order from W. A. Budd for the payment of same.
Woods & Steel, offering to make a complete new plan of the town of Blairmore, on a scale of one hundred feet to one inch, showing all divisions within the town limits, and the West Canadian's subdivision and the new cemetery, together with the location of water mains, hydrants, and gate valves, lot numbers and lot dimensions. The plan would measure about 11 x 8 feet and would be finished on mounted paper, the cost to be \$750.

Council decided to work along on the present plans for a while.

L. F. Cherry, deputy attorney general, re title to Blairmore cemetery.

A. C. Harshaw, divisional superintendent of the C. P. R. re crossing at 9th Avenue saying he could not see his way clear to open up a crossing at 9th Avenue, just east of Lyon Creek bridge, unless the C. P. R. would agree to give up the road allowance at 12th Avenue across the track, as it might only be a short time after they had opened the crossing at 9th Avenue that the town would want the road allowance opened up. He had now received copy of the Board of Railway Commissioners' order to open up the road allowance at 12th Avenue across the track. They could put on a gang of men and do the filling and their part of the work in a short time. If the town officials wish, he could go over the ground with them at any time.

Secretary replied that the mayor and councillors could meet him at any time and arrange this matter.
Copy of letter sent by the mayor to the Rocky Mountain Cement Co., at Calgary, re

speeting the light service read this: "No doubt you are aware of the fact that the present light service furnished from your plant to the town and citizens of Blairmore is not by any means satisfactory. The service has been of the very poorest kind possible during the last four months and at the present time is useless. The people have tolerated this state of affairs for a long time with a hope that matters would right themselves at an early date. It is understood that your plant is in a deplorable condition at the present time and that we cannot entertain any hope of a better service for some time to come. I would like to have a plain statement from you as to what steps you intend taking to remedy the service, and if you can contrive to do so, when we may expect such action to be taken and concluded. I do not see any reason why you could not arrange with the West Canadian Collieries, Ltd., or the Canadian Coal Consolidated (now in the hands of the Trusts & Guarantees Co.) to supply light till you are in a position to put out a decent service. The latter company could connect up with your pole line in the space of two days, or the West Canadian Collieries (if they have the power) could do so in a day or less. One thing I wish to impress upon you is that we must have light and without delay. I intend to recommend to council at our next meeting that we purchase the existing pole line, or have it removed and erect one of our own, so that the town will in future have the light question well in hand and be in a position to secure power from some of the many different plants in the district. You might advise on what terms and at what price you will dispose of your pole line."

W. Barrington Reilly, vice-president and managing director of the Rocky Mountain Cement Company, replied that he would endeavor in the next few days to visit Blairmore personally and discuss the best methods of giving satisfaction to the town, as far as laid in his power.
Accounts—Telephone \$1.40; Presbyterian church, for rent of mission hall for public meeting \$5.00; Mackled & Gray, for legal services in connection with case of mayor versus Malcolm and Town, \$50.00; Light \$7.50 (subject to considerable deduction); W. A. Beebe, office rent, \$60.00; Alberta Livery \$5.00; J. R. Irwin \$100.00.

The matter of appointing a deputy mayor was next in order when on motion W. A. Beebe was forthwith appointed deputy mayor for term ending March 31st.
Councillor Sinclair asked re the hall site, as to what other than that of Malcolm's and the West Canadian Collieries, had the councillors and ratepayers to consider, and was informed that no other offer had as yet been made except that of councillor Drain of a

nuisance ground between McLeod's Mill and Edmonton, McLeod-Beebe. That the West Canadian Collieries deposit the deeds and transfer with the Union Bank of Canada, Blairmore, for the properties offered the town for nuisance ground and fire hall sites, and that solicitor examine same prior to further consideration by the town. Also that they specify how long their true offers would hold good. Carried.

Councillors McLeod and Sinclair thought that until such steps were taken, the town of Blairmore had no other proposition than that of Malcolm's to consider.
Beebe-Drain—That the finance committee have power to dispose of debentures at a rate not less than 90. Carried.

Sinclair-Drain—That matter of suspension of Secretary-Treasurer Shera be taken up in committee.

Room was forthwith cleared, only the councillors, Mr. Shera and press representative remaining. A suggestion to eject the latter was made, but through the sympathy for our ignorance expressed in a few words by the mayor and some of the aldermanic body we are permitted to occupy a corner on the grounds that we make use of nothing that would hereafter be seriously affected "our own business."

The matter of the suspension of Mr. Shera was forthwith taken up. Mr. Shera was suspended by the mayor on Friday last, following a few minor complaints made by the auditor in connection with the handling of the town's books.

On motion the matter was allowed to lay over until such time as the auditor could be present in council.

R. Irwin was appointed acting secretary for the time being.

The meeting adjourned at 11 p.m.

Thomas Kennedy

Loes Arm

While attempting to board Monday night's east-bound passenger train at Coleman, Thomas Kennedy, building contractor, missed his hold and fell beneath the cars with the result of losing his left arm and sustaining other injuries. It is a miracle how the man escaped instant death. He was immediately picked up and conveyed to the hospital at Coleman, where upon examination it was found that the arm was badly fractured as to necessitate amputation about six inches from the shoulder.

General sympathy is expressed for Mr. Kennedy, who is so favorably known throughout the whole of the Crow's Nest Pass.

Here is a remedy that will cure your cold. Why waste time and money experimenting when you can get a preparation that has won a world wide reputation by its cures of this disease and can always be depended upon? It is known everywhere as Chamberlain's Cough Remedy, and is a medicine of real merit. For sale by all dealers.

Seeking Homes

For Children

The department of neglected children, at the present time, have a number of boys ranging in age from fourteen to seventeen years, for whom they are very anxious to secure work or some destination. Every home will be given first consideration.

Those desirous of employing boys between these ages should communicate with the Superintendent of Neglected Children, Credit Ponder Building, Edmonton, and complete description of boys will be given.

Some ten or twelve of these lads are available at the present time and should make capital boys for farmers and ranchers requiring help in their work.

Salaries of Alberta

School Teachers

Recently a committee met to consider ways of providing for the shortage in the supply of qualified school teachers for Alberta. A glance at page 7 of the "Annual Report of the Department of Education, for 1911" might help to explain the existence of the shortage. Here it appears that the average salary for all teachers employed in the Province for 1911 was \$729.93, ranging from \$600 to \$2,000. A teacher in Alberta can earn \$750 a year without any special training. Alberta is just ahead of some other provinces in the matter of teachers' salaries but does not seem yet to place quite sufficient value on education in comparison with other lines of work.

Forests Set Aside

For Use of Public

The former erroneous impression, that forest reserves are areas set apart by the government to be reserved from use and development, is being dispelled by the fact that they are set aside for the general use of the public.

The Dominion Forestry Branch is desirous of spreading this idea abroad, and with this end in view has inaugurated the policy of surveying summer-resort lots around convenient lake in forest reserves. These lots are of two kinds, viz. building lots, and camping lots, so that the demands of both cottagers and campers may be met. Such lots are located in the public for a term of years at a very nominal figure.

It is hoped that in this way a start may be made in bringing to the public a realization of the opportunities and advantages which the reservations at these great areas of the public domain afford the country at large.

A good example of such a resort is seen in British Columbia, where a site has been laid out at Trout Lake in the Long Lake forest reserve. This reserve is situated in the Kamloops district of the Railway Belt.

Four lakes, at an altitude of 4,000 feet is an idea retreat for the residents of the towns and cities of the Dry Belt. Here they may escape the oppressive heat and drought of the summer season, and at the same time enjoy some of the finest fishing to be had anywhere in Canada. Already many people have secured building lots, and it is expected that in a very short time a large and flourishing summer colony will be established at this point.

For Sale

At Passburg, a Pool Room and Barber Shop, Lot, Stable and contents, all in first-class condition, will be sold at a bargain as owner wants to leave country in early spring, if possible.

For full particulars apply to F. N. FOWLER, BOX 8, PASSBURG, ALBERTA.

Teachers in Demand

Edmonton, Alta., Jan. 27.—Six hundred qualified teachers are required to fill existing vacancies in the public schools of Alberta. The need is pressing on account of the rapidly changing conditions throughout the province that the school inspectors have recommended a modification of present regulations to admit American teachers under certain conditions. These provisions are being considered by Hon. J. B. Boyle, minister of education, who said today:

"The department found it necessary last year to issue permits to 100 teachers to enable them to take up schools. Some of them had no qualifications. We have also allowed teachers from other provinces in Canada and from Great Britain to take schools, through their standards were not as high as our requirements, but it was thought to be better to keep the schools open than to have them closed. Under the present system Americans, no matter how well qualified, cannot teach school in Alberta."

Mr. Boyle said that after considering the matter from every standpoint most of the day, he reached the conclusion that Americans, holding degrees from reputable universities and with academic standing as high as those of properly qualified teachers in Alberta, should be allowed to teach in Alberta schools, after passing examination in Canadian civics and Canadian and British history.

"The recommendation were made by practical men who are on the ground," the minister added. "They are familiar with the needs and requirements in educational matters in this growing country."

Happenings in and Around Blairmore

And there said "Let there be light" and there was light.

Next week we will publish the annual statement of the Town of Blairmore.

League hockey game tonight—Blairmore versus Frank on the local rink.

T. R. Hinds went to Calgary on Tuesday, where he will consult an eye specialist.

Highway crew worked on the local rink overnight. Good progress in attendance.

Dr. Donald, of Lethbridge, was a visitor to the Metropolis on Friday last and registered at the Blairmore.

Rev. J. F. Hunter, who had been attending the Baptist Convention at Calgary, returned home Wednesday.

The game that was to have been played Wednesday afternoon, between the married and single, was cancelled because of the latter taking "odd feet."

Mike House is spending a few days in Calgary, either attending the session of the league, technical school, or the meeting of the board of liquor license commissioners.

The annual meeting of the trustees of Blairmore School District No. 25 was held in the council chamber on Tuesday forenoon, when the report of the secretary for 1912 was submitted.

A friendly game of hockey was played between the Blairmore and Fairmore hotel teams last night, which resulted in a victory for the Blairmore by a score of 6 to 2, and afforded much amusement to spectators.

Between the Blairmore open house and residence of James, Burrows, a small Gold Watch, finder will be repaid on leaving same with Mrs. Burrows.

DON'T

Don't knock your town!
Don't refuse to advertise!
Don't patronize mail order houses!
Don't fail to give your orders for all kinds of job printing!
Don't forget to stand by your home paper, and it will stand by you!

Among the dramatic scenes of Wednesday night's hockey game there were worth noting. One is Higgins, the goalie, turning a backward stunt to avoid being hit by the puck. The other is a member of the Blairmore team in the act of delivering himself from Higgins' straight-from-the-shoulder "lefts." Mr. Higgins believes "it is more blessed to give than to receive." As our artist was perched near some of the members of the ladies hockey team, we must apologize for this extremely loud expression of the two clubs in question.

Forty years in use, 20 years the standard, prescribed and recommended by physicians. For Woman's Ailments, Dr. Maria's Female Pills at your druggist.

ROBERT 22, 24, 26, Exchange Building, VANCOUVER, B.C.

Immense Wheat Coun-

try In Far North

According to the report of Dr.
Geo. M. Dawson, given in the pub-
lication "The Great Mackenzie
Basin," published by the Depart-
ment of the Interior, the wheat-
growing capacity of the Peace
River country was in 1888 rough-
ly estimated to be 300,000,000
bushels. In confirmation of this

an extract from the report of
Inspector A. M. Jarvis of the Royal
Mounted Police, makes interesting
reading. He says referring to the same
country: "There seems no reason to
doubt that here is a new and far
larger Manitoba lying ready for
settlement, as soon as it is made
accessible by better means of
transport."

Pottery Plant For Cowley

Cowley, Jan. 21.—(From our
own correspondent.)—D. J. Dwyer,
about a month ago, shipped a
thousand pounds of clay from
here by express to Columbus, Ohio
and also smaller shipments to
Chicago and Toronto to be tested.
This clay was taken from the
Sedgewick farm, about ten miles
south of here. Mr. Dwyer expects
a two million dollar plant
would be erected there within the
year and that a spur will be run
from Cowley to the plant. The
clay of the Sedgewick farm is the
kind that is used for pottery,
which is very scarce in this
country.

It was announced some weeks
ago that during 1913 another clay
products company, larger than any
yet established in the West, would
enter the Alberta field with Cal-
gary as the business center. The
enormous consumption of the
finer classes of building material
in Calgary and other western
centres, combined with the fact
that at the present time the mar-
ket is supplied almost entirely by
the United States, has turned the
attention of capitalist and pro-
spector alike to the possibility of
finding a local source of supply.
In recent years a marked pre-
ference for terra cotta has de-
veloped, and heavy importations of
the material are now made from
south of the boundary. All large
modern buildings are now re-
quired to be of fire proof construction,
which necessitates the use of great
quantities of fire-proofing tile.
Firms already in the business are
overwhelmed with orders, and it is
the experience of contractors that
building operations are frequently
seriously delayed owing to inability
to secure the necessary material.

The mineral resources of Alber-
ta are as yet but little known, and
new discoveries are being made
with such frequency that no one
can assert what may yet be found
in this province. It is now known
that a clay which has been
located in great quantities in the
Crows' Nest Pass possesses all the
qualities necessary for the manu-
facture of the finest terra cotta,
as well as tile and pressed brick. A
number of vessels there, even the
making of pottery has been suc-
cessfully accomplished with sam-
ples of this clay sent to Ohio for
experiment by a noted ceramic
authority in that state.

Eastern and English capital
has been interested in the project,
and a company under the name of
the Calgary Clay, Coal & Coke
Co. Limited, has been incorporated
under a Dominion charter and has
just opened offices in Calgary.
As the name indicates, the com-
pany will be a Calgary institution.
Although the works will be
located in the Pass, the head office
will be there, and Calgary will be
the center of the business activity.
The company will also engage in
the coal and coke business, having
acquired extensive limits of land
in the vicinity of their clay
deposits. It is proposed to coke
the coal and use the gas resulting
from this operation for firing the
clay products.

A. F. McLaren, of Toronto, of
Imperial Cheese fame, is at the
head of the new organization.
With him are associated T. B.
Miller, president of the Laurentia
Milk Co., Senator Baird, of New
Brunswick, and a number of other
eastern and western capitalists.
The company has an authorized cap-
ital of \$2,000,000 and contemplates
an expenditure on plant and
equipment of not less than a mil-
lion and a half. They expect to
have their work sufficiently ad-
vanced to be turning out brick,
tile and terra cotta in commercial
quantities before the end of the
year.—Fincher Creek Echo.

Mrs. Kidd's maternity home,
Box 95, Phone 151, Blairmore.

Happenings in and Around Blairmore

Don't forget the fancy dress car-
nival on Saturday night.

W. T. Kddy, of Lundbreck, was a
visitor here last week end.

W. Simister and A. J. Smith
were up from Lundbreck on Tues-
day.

F. Clark, of Spokane, is in town
endeavouring to reorganize the
Italian band.

O. E. Tisdale, provincial grand
master of the I.O.O.F., Calgary,
was in town on Monday.

Nasquaville ball at Coleman to-
night will be attended by a goodly
number from the lower Pass.

W. J. Budd was in town on
Friday last, on business in con-
nection with the Keystone Cement
Co.

Rev. W. T. Young delivered an
able sermon in the Central Epis-
tolic church on Sunday morning
last.

Ex-mayor Cameron, of Coleman,
was in the Metropolis over Sun-
day, and registered at the Cosmo-
politan.

A. E. Gibson, official auditor,
was in town last week end in con-
nection with the getting out of the
town's 1912 report.

The weather during the past
week has been very spring-like,
and looks as if the frost king has
accomplished his season's work.

Frank Hinds is this week "limp-
ing" around as a result of a kick
received from the puck while
practising hockey on Sunday last.

A reader wants to know what
the qualifications are for mem-
bership of the Blairmore ladies
hockey team. Information is in-
vited.

John Perrie, deputy minister of
municipal affairs, was by train last
Friday, to investigate certain
minor difficulties in connection
with the town.

The hockey game of Frank
and Coleman on the Coleman
on Friday night last was
attended by a large number of
Blairmoreites. The score, 3-2, was
the result of a hard-fought game.

Messrs. Burrows & Gunderson
have taken a lease of the Blair-
more opera house, and will con-
duct moving picture shows be-
tween the bookings of travelling
companies.

Catholic church service will be
held at Frank, at 11 a.m. next
Sunday. Catholic friends of
Hillcrest, Bellevue and Blair-
more are earnestly required to at-
tend to a meeting at the close of
the service in church.

A dance will be held in the
Windsor Hotel, Lundbreck, on
Tuesday night, February 4th,
under the auspices of the Victoria
Order of Nurses. Ticket—
gentlemen \$2.00, ladies free. Col-
man orchestra in attendance.

C. Lewis has converted the
Wonderland theatre into a pool
room, Blairmore. Now complies
with Saskatchewan regulations in
having one pool room for every
thousand and one theatre forever
five thousand of its population.

The graduate nurses of Alberta
have formed a provincial associa-
tion. Any nurse wishing to join
may do so by sending name ac-
companied by diploma or affidavit
of same to Miss R. Rutherford,
secretary, 704 15th
Avenue West, Calgary.

The Blairmore ladies hockey
team went to Coleman on Sat-
urday night where they tried con-
clusion in two "knockouts" with fairer
of that rink. The attendance
at the rink was a record, and the
game resulted in a score of 3-1 in
Coleman's favor. One of Blair-
more's team was a boy, having to
be substituted for a lady.

Happenings in and Around Bellevue

Jas. Taylor, of Calgary, was in
town last Friday.

William Marr, of Coleman, did
the town on Monday.

A. Corrie, of Fernie, was a Bel-
levue visitor last week.

V. N. McGuire, visited Bellevue
from Lethbridge last week.

S. Taylor, of Medicine Hat, was a
Bellevue visitor on Monday.

O. A. Pearce, of Edmonton, was
here on Friday and Saturday.

Miss Edith Miller, of Fincher Creek,
visited her home here last week.

Bob Simms visited here last week.
He reports good progress at "Win-
nipeg."

Jack Hutton, of Winnipeg, was
a visitor at his home here over the
week end.

Tim Boyle, of Kipp, attended the
Bible celebration concert here on
Friday night.

J. D. A. Barrett, late of this paper,
was a Bellevue visitor on Friday
and Saturday.

Mr. Emsedale, agent for Edmon-
ton real estate, left for Calgary on
Sunday night.

George Coupland, of Kipp, spent
the week end in Bellevue, returning
Sunday night.

BORN.—On Friday, January 24th
at Maple Leaf, to Mr. and Mrs. Lih-
er, a daughter.

Mr. Morgan, of Moose Jaw, was
one of the appreciated artists at the
Bar's night concert.

Mr. and Mrs. Albert Hallworth
and Mrs. Will Chappell went down
to Royal View on Saturday.

Mr. Irwin will preach next Sun-
day, by special request, on the sub-
ject "The Forsaken Christ."

The Socialists of Bellevue organiz-
ed a local on Sunday last which pro-
posed to meet every Sunday after-
noon.

A bowling tournament took place
at the local pool room between teams
consisting of McLeod and Connors
versus Ross and McLean, on Saturday,
for the Blenheim cup. The cup was
won by the former team.

Mr. J. Marsh, who left here last
week for Nottingham, England, had
the exciting experience of the tank
wreck near Regina. We are pleased
to know that Mrs. Marsh escaped
unhurt, except for a bad sinking up.

A farewell supper was tendered to
H. B. Huelme, the retiring prop-
rietor of the Bellevue Hotel, in that
hostelry on Monday night. The
affair was promoted by the Laclede's
Forward Movement and was a great
success.

At the meeting of the local union
last Sunday afternoon, the president,
E. W. Christie, tendered his resigna-
tion which was received with re-
gret. Robert Lewis was elected to
the office. Words of strong apprecia-
tion were expressed to Mr. Christie.

Word was received here last week
of the death of Mrs. Johnson in Cal-
gary. Mrs. Johnson left here with
her family, who was the organist
at the local mass, only a few weeks
ago. A large family of small child-
ren survive. The Bellevue citizens
express sympathy with the bereaved
family in their loss.

We regret that were taken up
wrong by the Burns correspondent
last week. We simply stated some
solid facts to illustrate the character
of the man in the "chance" "burg
between Hillcrest and the Esplanade"
and meant no offence. As we
are busy peering real dope about
this simple patch of pink and yellow
where there is something doing all the
time we simply express our respect
to the Burns correspondent and the
Gazette reader and leave it to them
to settle the momentous question of
the day. We have no time.

The Bellevue boys played a
friendly game of hockey against the
Frank on Frank rink on Monday
night. Considering the handicap of
having no rink at Bellevue, the local
boys showed up well and a bright
future in hockey is looked for next
season. The Bellevue lineup con-

sisted of Bonnell, Best, Kelly,
Scott, McGowan, Miller and Mer-
rick. The score was 7 to 4 in favor
of Frank.

If your children are subject to at-
tacks of croup, watch for the first
symptoms, however small. Give Cham-
berlain's Cough Remedy as soon as
the child becomes hoarse and the at-
tack may be ward off. For sale at
all dealers.

On Tuesday night an accident
occurred on the slide road which
came near having fatal results.
Frank Bowley, the proprietor of the
Alberta Livery at Bellevue, who is
noted as a wild driver, was thrown
from his sleigh and was badly hurt.

He was afterwards picked up by a
passer by in an unconscious state
and at the time it was feared he was
beyond recovery, and the rumor
that a man was killed on the Frank
slide was soon circulated. However,
we are pleased to learn that Mr. Bow-
ley is recovering under the care of
the hospital staff.

When you want a reliable medicine
for a cough or cold take Chamber-
lain's Cough Remedy. It can always
be depended upon and is pleasant
and safe to take. For sale at all
dealers.

The celebration of the anniversary
of the birth of the famous Scotch
bard, Bobby Burns, held under the
auspices of all the bonnie Scotch
folk of this district Friday night
last, was a big success. A Scotch
concert talent displayed the charm
of Scotch airs in comic and folk-
song. The heart stirring strains of
the bag pipes were heard, and every-
thing calculated to transport us
back to the land of the heather were
in vogue. At the close of the con-
cert the lady and ladies of all ages
dined in the room of the theatre.
Much credit is due the committee
for the success of the occasion.

Mrs. A. B. Taylor, of Custer, Mo.,
had been troubled with sick head-
aches about nine years, when she
began taking Chamberlain's Tablets.
She has taken two bottles of them
and they cured her. Sick headaches
is caused by a disordered stomach
for which these tablets are especially
intended. Try them, get well and
stay well. Sold by all dealers.

The annual meeting of Bellevue
school district took place in the
intermediate school room on Monday
evening last. The report of the
trustees and inspector were read.
General regret was expressed at the
failure of the board to dispose of the
debentures necessary to procure
furnish school accommodation for
our 170 scholars. Every sympathy
was expressed by the ratepayers in
the difficulties encountered by the
board and their hearty support was
accorded to the new board in any
effort to secure the necessary school
accommodation. The resignation of
Robert Connolly from the board was
accepted, and Jas. Burke was elected
to fill out his term of office. S. Ham-
ble was elected to take the place of
E. W. Christie, whose term of office
had expired.

HELP YOUR HORSE TO
HELP YOU

You can't tell you what he wants, but
you can train him up to obey today
and let me fit his shoes with
